Public Comment:

Andrea Jones (37th Place)-She has experienced trouble with parking when friends and family come to visit because of the limited number of permits available for each home. She has also noted lots of illegal parking that is not cited. Ms. Jones would like to do away with the parking permits on her street.

Kara Gormally (37th Place)-She has mainly experienced trouble parking on the weekends. Would also like to do away with the parking restrictions on her street.

Lorraine Bennett (37th Place)-Her household has figured a way to work around the parking registrations.

Mr. Ali (41st Street)-He, and the parishioners of the Mosque are trying to comply with the parking restrictions. They have had members who were ticketed on Sundays. Would like the Town to provide more clarity on the restrictions.
